Gallus France

Gallus France reimagines the symbols of French heritage through exceptional objects, envisioned by Emmanuel Oger and crafted by outstanding French manufacturers.

Craftsmanship, contemporary design and emotion: three guiding principles behind refined, expressive pieces created to stand the test of time.

True forms. Bold contrasts.
And always, emotion.

GALLUS FRANCE

02 · FOUNDING PIECE

Le Gallus 1844

Gallus 1844 reimagines the rooster, a universal symbol of French culture, through a resolutely contemporary design language.

Handcrafted by the Manufacture de Charolles, a certified Living Heritage Company, it embodies the meeting of heritage, elegance and creation.

The expression of a free spirit.

The Gallus Egg

A poetic founding object and universal symbol of birth and balance. Between heritage and modernity, it embodies purity and perfect proportion.

Always accompanied by its scented candle, La Gallusette, it invites us to slow down and savour the moment. The object remains. The experience is renewed.

04 · THE SCENTED CANDLE

La Gallusette

Each Gallusette is sculpted by hand in artisan workshops near Strasbourg, using fragrances from Grasse, the world capital of perfume.

White, Black, Pink: three colours, three fragrances, each paying tribute to a great French poet — Victor Hugo, Baudelaire and Ronsard.

INTERCHANGEABLE · RECHARGEABLE

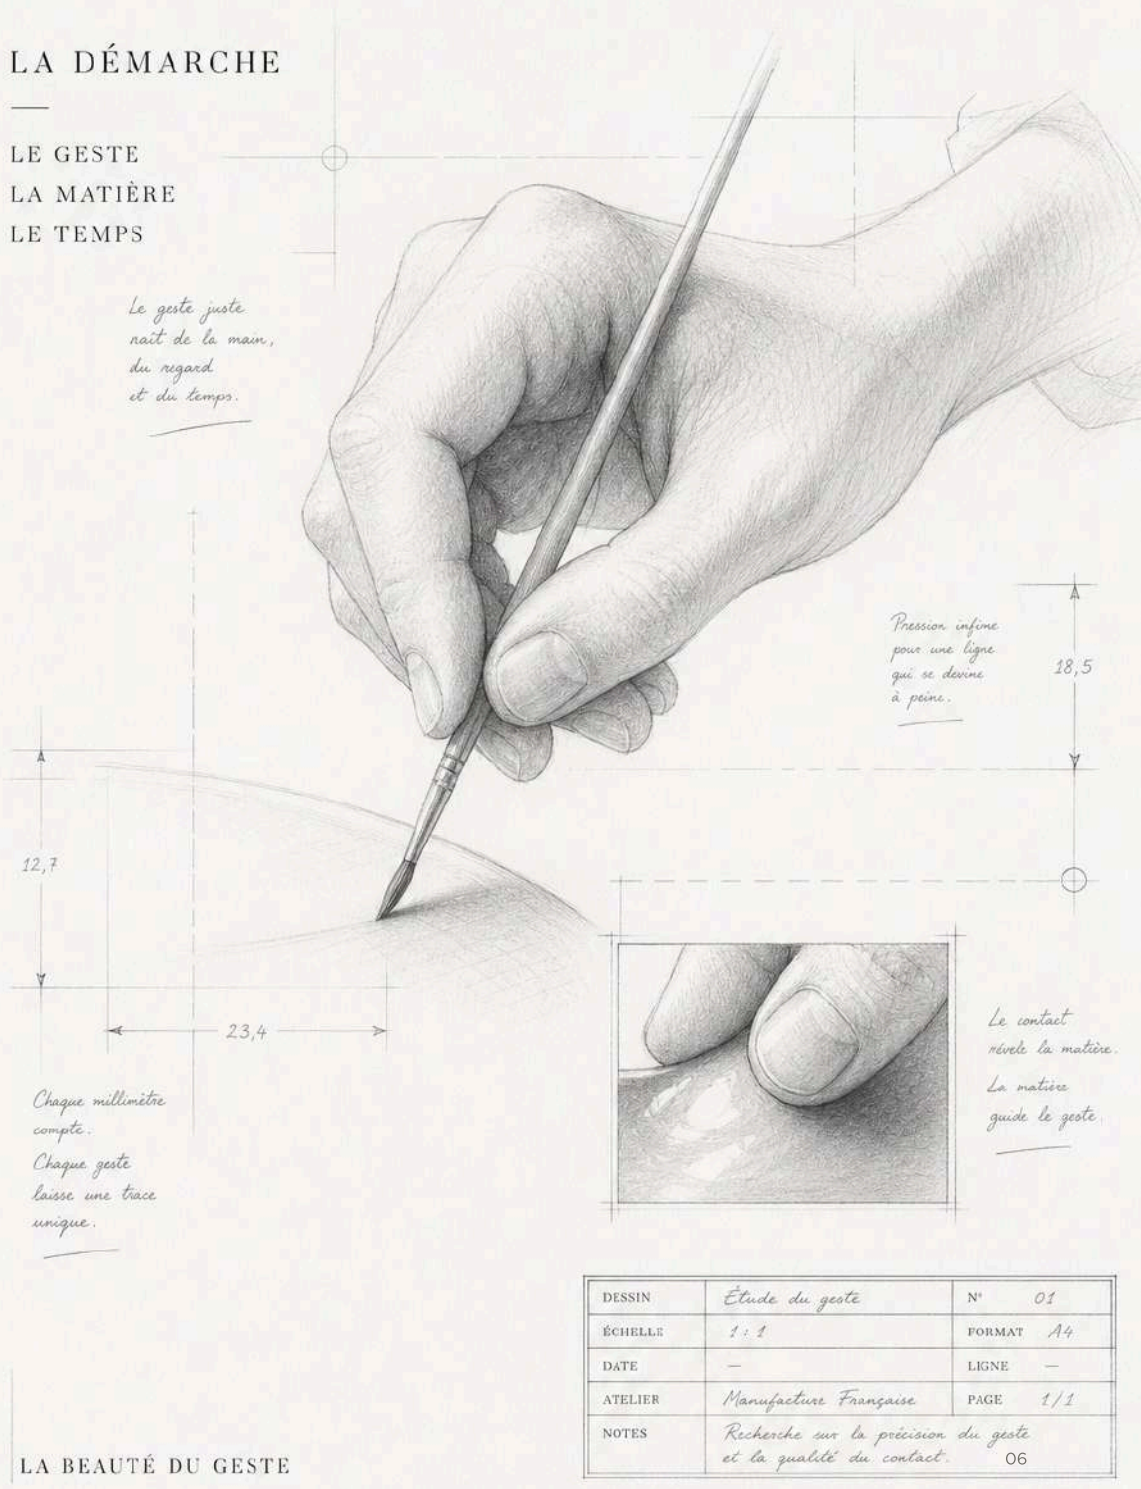

The hand guides the material

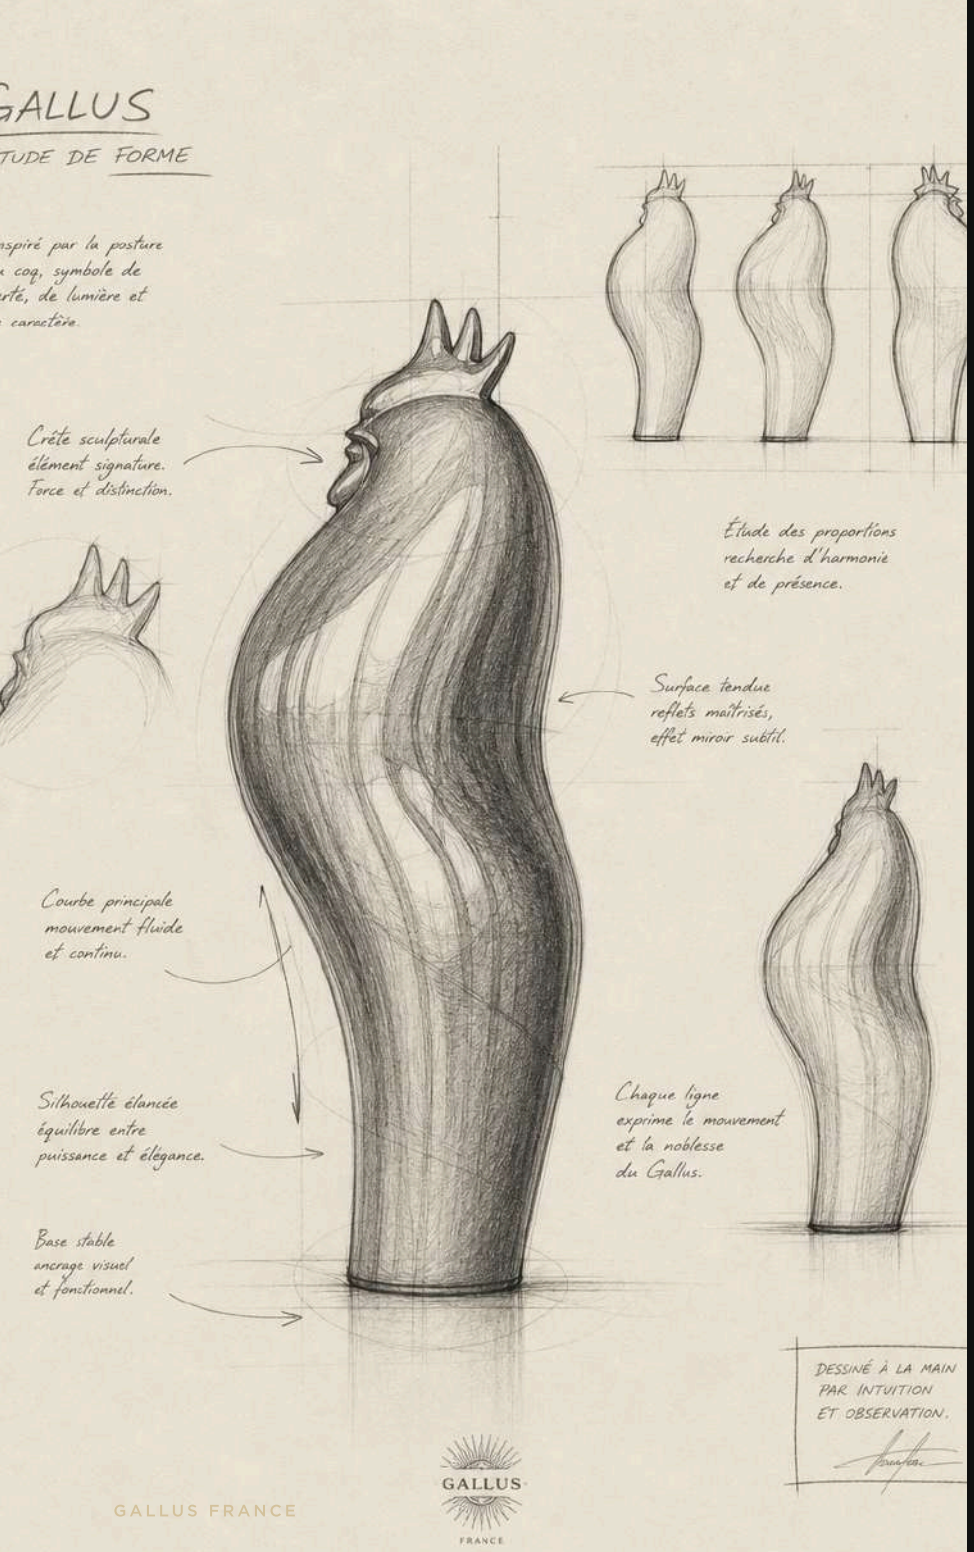

Every Gallus France creation is handcrafted with the same exacting care at every stage — in ceramic as in wax.

From Charolles to Strasbourg, from Grasse to Nancy, the house brings together exceptional expertise. Every piece is unique, reflecting both the artisans who shape it and an enduring vision of creation.

"Our pieces do not seek effect.
They seek presence."
